CHIEF SECRETARY 17. JUN. 1942 GOVT. OF MYSORE.

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore,

Subject:- Proposal for amendment of Order 3 Cl(V) of the Mysore Hostile Attack(Precautions) Orders.

SIR,

In forwarding a copy of the letter dated the 29th May 1942 from the Bangalore Woollen, Cotton & Silk Mills Co., Ltd., and a copy of Circular No.146 of 1942 dated the 12th May 1942, from the Secretary of the Millowners' Association, Bombay, received along with the letter requesting the supply of special A.R.P. headlight badges and passes for their vehicles which might be in transit with cash etc., during an Air Raid Alarm, I have the honour to state that permits in the enclosed form are at present being issued to vehicles in use by the Police and A.R.P. personnel in the course of their duties during Air Raid practices. These permits purport to be issued under rule 57(1) of the Defence of India Rules and do not appear to be in order as the rule does not make provision for such permits. Under Rule 3 Cl(V) of the Mysore Hostile Attack(Precautions) Orders, Police vehicles, - Ambulances etc., are exempted from the provisions of Rule 3 Cl(iii) of the same order and are permitted to proceed on the roads in the event of a hostile attack or on the sounding of an air raid warning signal for an A.R.P. exercise. The order does not prescribe the authority granting the permission and does not make provision for the issue of permits to the vehicles other than those mentioned in it. Special instances like the one referred to in the above letter come up and call for consideration. Orders in other provinces in British India appear to provide for such contingencies. It appears

P. T. O.

to me that Order 3 Cl(V) of the Mysore Hostile Attack (Precautions) Orders requires amendment on the lines of the enclosed draft. I, therefore, request you to kindly take necessary action to issue the amendment.

I have the honour to be,

Sir,

Your Most obedient servant,

Inspector-General of Police
in Mysore.

Circular No.146 of 1942 dated 12th May 1942, from the Secretary of the Millowners' Association, Bombay, to all mills in Bombay(Upcountr Mills for information only).

Transit of cash from the Banks or Managing Agents' Offices to the Mill Premises for the purpose of paying wages to the operatives.

The A.R.P. authorities have notified that when an air raid alarm is given, all vehicular traffic in the streets should cease. Drivers of motor vehicles are expected to park their cars alongside the kerb, leave the ignition key in the proper place, and take cover in the nearest shelter. As members are aware, cash required by mills for paying wages to the operatives is usually taken to the mill premise on the pay-day or on the day preceding it, from the Bank or the Managing Agents' Office in the Fort. It was suggested to the Committee that if an air raid alarm was sounded when the car carrying the treasur was on its way to the mills, it might be stopped and left unattended in the road. It was further pointed out that the treasure contained in the lorry or motor car might be an inducement to looters and that, in this view of the case, action should be taken to secure permission of the A.R.P. authorities to facilitate the transfer of the treasure to the mills under all circumstances without the lorry or car being stoppe in the road.

The matter was discussed by Mr.Neville N. Wadia, Chairman of the A.R.P. Sub Committee, with Mr.J.Abernathey, Assistant A.R.P. Controller and as a result, it has now been agreed that motor cars of mill A.R.P. Officers, or mill lorries which have already been supplied with A.R.P. headlight badges by the A.R.P. authorities, would be allowe to proceed to the mill in an emergency without being stopped anywhere on the road as they will be required at the mill for A.R.P. purposes during the raid. The Committee suggest for the consideration of indivi dual mills the desirability of mill A.R.P. car or lorries being utilise for the purpose of carrying the treasure from the Managing Agents' Office to the Mill premises on the pay-day. It is also advisable that there should be a senior A.R.P. Officer of the Mill in the car or lorry as the case may be, so as to ensure that the lorry or car is not stopped anywhere in its course from the Managing Agents' Office to the Mill premises. The drivers of the cars or lorries, as the case may be, should be informed beforehand that it is not necessary for them to stop the lorry when an air raid alarm is given and that they have permissior to proceed to their destination as quickly as possible. This permissio it must be repeated, is available only to motor cars or lorries fitted up with the special A.R.P. headlight badges issued by the A.R.P. authorities.

The Association has already supplied headlight badges for motor cars of Mill A.R.P. Officers and motor lorries of Mills which are to be used as the Mill Ambulance during a raid. Mills which have taken no action in the matter of securing such headlight badges will please apply to the undersigned immediately and apply for a Car Pass for the vehicle which they intend to use for A.R.P. purposes.
